Headteacher: Mrs Mary Bartrop

26th February 2016

Dear Parent/Carer,

The next phase of the build will start on the 29th February 2016 and will happen to the North of the School on the area next to the current year 2 classroom. This will be where the main part of the build takes place. The pedestrian entrance to the school from this side will no longer be in use. All pedestrians will enter the school from the remaining two pedestrian gates both of which have zebra crossings and are either side of the main vehicular entrance - these are marked in green on the plan overleaf.

Entrances for parents and children will be as follows:-

Reception / Year 1 & 2 - Enter by either pedestrian gate and then follow the new path around the school and enter via the new gate - route shown in blue on the plan overleaf.

School Nursery / Crew school start & pick up times - No change to entrance although the gate will be open early to allow parents to wait within Nursery / Crew grounds.

Friendly Fish/ Tiddlers / Crew other than above - No change.

Football/Cooking Clubs - Pick up will be from the main Reception entrance. Parents/Carers should wait outside the main entrance and children will be released to Parents/Carers.

Please ensure that you keep a close eye on your children and make sure they do not leave the path or enter the staff carpark.

Many thanks

Mary Bartrop
Head teacher
