

Talk like a scientist

Ask questions

I wonder why?
What what would happen if...?
Where does...?
How does...?
I want to find out...

Make predictions

I predict...because...
Using what I know, I think...
My prediction is that...because...
I have formulated a theory that...

Set up tests

The variable I will change is...
The variables I will keep the same are...
We will be observing...
We will be measuring...
The best way to record data is...

Record data

I have noticed...
What I am seeing so far is...
The pattern I am seeing is...
I think there may be a connection between...and ...

Draw conclusions

Looking at the results, I can see...
The evidence supports/ does not support my prediction, because...
I can conclude that...
I think the odd result is...because of...
