

The Playground

Big wooden boxes
There is three to be exact
A pirate ship to climb
Even with or without a hat

Our new Drake playground
Is welcome for all
Lots of games to be played
With or without a ball

Before we had the bird boxes
Only floor could we run
But now we have these new things
That are lots and lots of fun

The pirate ship is great for all
Playing floor is lava, tag and more
Lots of friends can play at once
The playground is no more a bore
