Year 4 Geography Long Term Plan 2024-2025

Term	Autumn (14 weeks)	Spring (11 weeks)	Summer (13 weeks)
Theme	<p style="text-align: center;">Folk</p> 	<p style="text-align: center;">Compare</p> 	<p style="text-align: center;">Us</p> 
Geography focus		<p>Mountain ranges (Himalayas and Andes). Volcanoes and earthquakes.</p>	<p>Coastlines.</p>
Geography National Curriculum		<p style="text-align: center;">EARTHQUAKES</p> <p>What is the earth made of? Deepen their understanding of the interaction between physical and human processes and the formation and use of landscapes. Explain how the Earth's features at different scales are shaped, interconnected and change over time.</p> <p style="text-align: center;">VOLCANOES</p> <p>Human and physical geography: describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes. How are volcanoes made?-Develop contextual knowledge of the location of globally significant places and their defining characteristics-mountain ranges, esp Himalayas. Why do volcanoes erupt? How does an earthquake occur?</p> <p style="text-align: center;">MOUNTAIN RANGES</p> <p>Locational knowledge: Locate key environmental regions and key physical and topographical features - China, Tibet, India, Nepal, Everest.</p>	<p style="text-align: center;">COASTS</p> <p>Locational knowledge: name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time.</p> <p>Coastal destinations of the UK and the world. Explore the issues around environmental damage to bodies of water. Explain how a beach works and how coastal erosion happens. Research coastal habitats and inhabitants. Explain how land is used around and in coastal areas.</p>

		<p>Compare Himalayas to Andes.</p> <p>How are mountain ranges and mountains formed?</p> <p>How do people manage to live in mountain ranges?</p> <p>How is life different for people living at high altitude?</p> <p>Compare the Himalayas and another mountainous region to the Andes.</p>
